

Shaft and roll manipulators from Thema

Say goodbye to struggles with rolls, shafts, and bulky loads, and transform your daily operations with ease and efficiency! Revolutionise your heavy handling challenges with the ultimate faster and safer solutions from Thema Industrial Manipulators.

Thema Shaft Manipulators

Handling shafts from slitters or extruders has never felt lighter! Our advanced manipulator takes the effort out of heavy lifting, safeguarding your operators' hands and preventing back injuries. Ensure safe, efficient, and seamless operations with precision-engineered handling solutions.

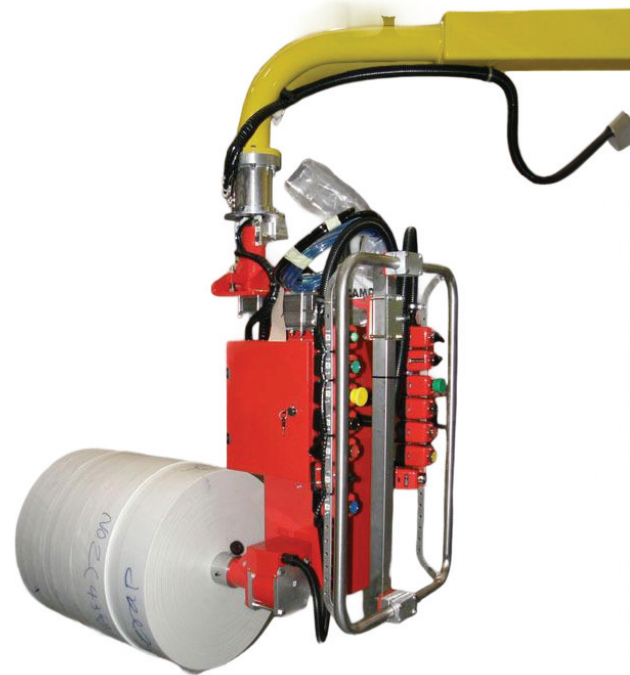

Thema Roll & Reel Manipulators

Introducing the ultimate manipulator for handling rolls – whether paper, plastic, or cable – where telescopic handles are no longer a challenge! Effortlessly lift, turn and tilt rolls in weightless conditions, all with just one operator. Experience the ease of working as if gravity doesn't exist – seamless, efficient, and hassle-free.

Fancy forgetting the hassle of managing slitted plastic and paper rolls? THEMA manipulators are the ultimate solution for handling high production volumes from your slitter – fast, easy, and in total safety. With unmatched ergonomics and efficiency, streamline your operations and achieve seamless roll handling with ease.

Eliminate unnecessary manual effort in shifting products from the slitter to the intermediary shaft with ease and precision. THEMA manipulators ensure effortless handling, allowing operators to push, lift, and position without strain. Experience seamless efficiency and ergonomic excellence – only with THEMA!
